

## TELLER COUNTY CARES FOOD INITIATIVE

Teller County is facing a food security crisis, and local families need our support. The Teller County Food Alliance, a collaboration among four trusted nonprofits, is working together to ensure food access for all.

Every dollar donated will be equally divided among these four 501(c)(3) nonprofit organizations.

In partnership with Teller County, these organizations are uniting to make a lasting difference. Your generosity keeps our neighbors fed, our families supported, and our community Teller Strong.
